

I am thrilled that you are considering a nationwide "no call" list to eliminate unsolicited telemarketing.

HOWEVER, I urge you to put nothing in place which would lessen the plan already in effect in Indiana.

Prior to its implementation, we received 2-3 calls per evening on average. On those days when I was home during the morning and afternoon, we would frequently receive an additional 3-4. This totals somewhere between 10 and 30 calls, on average, that we would receive every week.

Since we signed up for Indiana's no-call list, we have received 2 calls. Not 2 per week.....not even 2 per month. Two. 2. Only.

PLEASE.....do not do ANYTHING to lessen the rules we have in place.

Thank you.
